The winter has set in and the danger from revolutionary bands is over, yet the Turkish authorities seem to think that the time has come to act. In the face of promises of free pardon to those who have returned to their homes, Christian villagers have been shockingly tortured to make them betray alleged concealed depots of arms or give information regarding the working of Macedonian committees. The bastinado has been frequently employed until the victims were crippled for life, their feet being beaten to a pulp by the Turkish soldiers. Peasants were also hung by their heels to the ceiling and boiling hot eggs were put in their arm pits. Even priests were not spared, while the troops openly plunder the peasants, who are being driven to despair."

## DAUGHTER GETS BIG GUN WORKS

Eldest Daughter of the Late Herr Krupp to Have the Essen Factory.

(Special By Scripps-McRae.) Essen, Nov. 29.—The late Herr Krupp's will leaves the factory to his eldest daughter, Bertha, to be administered by his widow until the daughter attains her majority. Besides the \$750,000 given for the benefit of the employees of Frau Krupp, in behalf of Fraulein Bertha, has given \$250,000 to be devoted to the government of Essen.

The Vorwaerts, commenting on Emperor William's speech on the day of the funeral of Herr Krupp at Essen, says: "While prosecution is still pending against us and the truth is not yet ascertained judicially, the emperor anticipates the court's finding by pronouncing our guilt out of hand. Is it allowed that the crown at the initiatory stage of a pending case utter a verdict and thereby place the judges in a painful dilemma of either contradicting His Majesty or subjecting themselves to the suspicion that their judgment was influenced by him? Justice stands above everybody, even above the emperor, and the freedom of the courts is the life and the nerve of the state."

The monarchy is constitutionally irresponsible. An adequate answer to the emperor's speech is prevented through the leze majesty paragraphs. The Vorwaerts in two columns, reaffirms in moderate language the truth of its original charges against the late Herr Krupp, and alleges that the evidence rests on the testimony of persons quite above party passion, personal interest or political bias.

The reply hoped that the Russian government would still signify its adherence to the Brussels convention, but if not, Great Britain would be compelled to impose a retaliatory duty on Russian sugar provided that the international commission decides that a sugar bounty exists in Russia. The Russian government has replied to Great Britain's note declaring that such action would be an infringement of the Anglo-Russian commercial treaty of 1859.

It furthermore declares that it regards an infringement of the Anglo-Russian commercial treaty as a very dangerous precedent for the regulation of development of international relations between friendly nations. The Russian reply concludes by offering to submit the question of sugar and all other goods to The Hague arbitration court.

## TWO POLO TEAMS PLAY FAST GAME

Uniques and City Team Play to A Tie Score—Experts Are Hopeful For Season.

Now for the Horlicks! If the Janesville polo team puts up the same grade of exhibition as a good size audience witnessed in the rink last evening, when they meet the Racing team on next Wednesday, Bower City polo fans will have no reason to feel ashamed of their representation.

Last night's contest was played between the "city" team and the Uniques club. But the former aggregation was not the team which will wear Janesville's colors on December 3. The two ayes had been chosen simply with a view to an even match, and neither team put up more than a fractional part of the fight which they would have given with the weaker members wedded out and the nucleus joined under one captain. This process will be carried out on Wednesday and in addition two Indiana players will strengthen the Bower City team, so Referee Murphy announced last evening.

## Janesville Players Fast

The Horlicks are well-known as one of the fastest teams in the Western Polo league but the men last night also showed unmistakable symptoms of speed. Some of the passing by the city players was rapid and sure, while Blakeley and George put up a beautiful game and were fast on the skates and scientific, but not as accurate as they will be before many more games have taken place.

The resultant tie score of last evening's game—three to three—expresses the comparative merits of the teams. On the floor they averaged about the same, man for man, while at the goals both Dalton and Murray did excellent work.

The city team appeared clad from head to foot in orange, while the Uniques could be distinguished by the maroon sweaters they wore.

## The Game

Following is the line-up and summary:

UNIQUE (3)	Position.	JANESVILLE (3)
Blakeley	first rush	George
Starkier	second rush	Blakeley
Gell	center	Daly
Geall	half back	McLeary
Dalton	goal	McLeary
Substitutes:	Geall for Blakeley	
Goals:	first goal—George, Blakeley; goal, second inning—Gell, for Janesville; goal, goal, third inning—Gell, Blakeley.	
Referee—Ed Murphy.

## HAS MADE CHANGE IN SCHOOL TERM

Fall Term Ends Next Week Though School Will Continue Until the Holidays.

Although the first vacation for the public schools will not come until the holidays, as usual, the fall term of school will close next Friday afternoon. Next week will be devoted largely to examinations and the finishing up of the work of the first term and on the following Monday the students will begin the winter term's work.

In previous years the school terms have ended at the time when the schools closed for vacation, making the fall term fourteen weeks long and the winter and spring terms eleven weeks each. It was deemed advisable to have the work of the year more evenly divided and this year the terms and the vacation times will be entirely independent of each other, each term being twelve weeks long.

## CHURCH CADETS TO BE INSTALLED

Special Services Are to be Held in Christ Church Tomorrow Evening.

Although the Christ church cadets have been a live, flourishing organization for several months, they have not yet been formally installed, the ceremonies which will make their existence official will take place Sunday night in the Christ church, at the hour of the regular evening service. Rev. A. H. Barrington will make the address which will complete the installation of the company.

Until less than two weeks ago the cadets had no non-commissioned officers, but since the competitive drill was held that deficiency has been supplied. The staff is now made up of the following men:

Captain Engstrom.  
First Lieutenant Griffiths.  
Second Lieutenant Merrill.  
Quartermaster—Sergeant Carpenter.  
First Sergeant Hutchinson.  
Corporals Oleson, Lee, Nelson and Townsend.

The members of the company are looking forward with great interest to the ceremonies of Sunday evening. A large attendance is most earnestly urged, with the hope that at least that much evidence may be given the cadets that interest is felt in the work that they have been doing.

Arrangements have been made for the attendance of the W. H. Sargent post as a body, and the cadets will have the benefit of the presence of the veterans of the Grand Army of the Republic at their installation. The service will begin promptly at seven o'clock.

Dr. Philip Fox, of Madison, was in the city yesterday, called here by the Hess-Hall trial.

## REVIVAL SERVICE LARGELY ATTENDED

Rev. Richard M. Vaughan Speaks on How People May Be Sure of Salvation.

That a deep and genuine interest was aroused by the special evangelistic services conducted by Charles N. Hunt, of Minneapolis, in the Baptist church, has been evidenced by the continued large attendance with which the meetings of the week have been favored. During this week the services have been conducted by the Rev. Richard M. Vaughan and his helpful talks have been heard with the keenest interest.

## Inspiring Musical Service

There was an especially large attendance at last evening's meeting, the church parlors being filled. Splendid music enlivened the service, the adult chorus leading the singing. The Sunbeam chorus was also present and the sweet childish voices sang "The Sweetest Story Ever Told," very prettily. Another pleasing number was the singing of "I Want to Go There," by a quartet consisting of Miss Anderson, Mrs. Steller, W. H. Thomas and Fred Grove, the solo part being taken by Mr. Thomas, who is an uncle of Rev. Vaughan.

## Be Sure of Salvation

For his topic last evening, Rev. Vaughan chose, "How to Know That We are Saved," and his brief suggestions were full of practical helpfulness. He said that there are two classes who ought not to have the assurance of salvation. To the first class, those who are not saved, such an assurance would be a deception and a false security. There is another class that cannot have the knowledge. They are saved but are uneducated or disobedient. It is possible for a man to be saved and not know it, to live a Christian life at low ebb.

There is need that people should have the knowledge of their own salvation for their own pleasure and for the sake of service. Uncertainty of any sort is misery. The man or woman who cannot look into the future and say confidently that it is well with them whatever happens, is not happy.

## Means of Knowledge

There are seven things by which people may know that they are saved. They are the promise of God, which is the first basis of assurance; the witness of the spirit, life being self-certifying; the fruits of a new life; a disposition to pray; delight in the word of God; love toward Christian people and interest in the unsaved.

## Many Testimonies

After Rev. Vaughan's address there was a brief testimony and praise service in which many of those present participated.

It has been considered advisable to continue these meetings for three evenings of next week and Rev. Vaughan will speak on Tuesday, Wednesday and Thursday evening, his topics being "Obedience," "The Judgment" and "What God Does For Us."

## ELLEN RILEY IS HAPPILY WEDDED

Marries Mr. Eugene Wall of Baraboo on Wednesday Evening.

Wednesday evening at six o'clock Rev. James McManity performed the ceremony that united Eugene Wall of Baraboo and Ellen R. Riley of this city as man and wife.

The ceremony was performed in the church parsonage, the happy couple being attended by Cassie Gillispie and James Riley.

The bride is a young lady who has many friends in this city. The groom is a former Janesville boy and is now employed as a locomotive engineer by the North-Western with a run out of Baraboo. The happy couple left for a short wedding trip through the northern part of the state after which they will take up their home in Baraboo. They have the best wishes of a large circle of friends.

## McDermott—Dilzer

Miss Alice McDermott and Arthur Dilzer, both well known young people of this city, were married at St. Mary's church yesterday morning at 6 o'clock, the nuptial mass being celebrated by Rev. Father W. A. Goebel. The young people were unattended and the ceremony was witnessed only by the immediate relatives of the contracting parties. At its conclusion an elegant wedding breakfast was served at the home of the bride's aunt, Mrs. Maurice Holleran, with whom the bride has resided for some time past.

The bride is the only daughter of Mr. and Mrs. Frank McDermott, of the town of Janesville, and the groom is the youngest son of Mr. and Mrs. Nicholas Dilzer, of this city. The newly married couple left yesterday morning at 7:30 o'clock for Chicago where they will make their home. They have the best wishes of many friends.

## BOUNTIFUL FEAST PROVIDED

Children Spent a Happy Thanksgiving at the Mary Kimball Mission.

Many children found happiness and a bountiful Thanksgiving dinner at the Mary Kimball mission Thursday afternoon. The guests began to arrive at noon and romped and played together until dinner time. At two o'clock they marched out to the tables to the organ music of "Trump, Trump, Trump," played by Mrs. O. H. Long. During the serving of the dinner Mr. Hannor played several fine selections on the violin.

The tables were heavily laden with turkeys, chickens, oysters, ham, vegetables and other good things to eat, the people of Janesville having been very generous with their donations. Over thirty baskets of eatables were sent to the homes of the poor. At the evening service held at the mission Mrs. M. J. Jewitt, of Chicago, preached a touching sermon and four people signified their intention of leading the better life.

## ATHLETIC CLUB TO FIT-UP GYMNASIUM

Beloit High School Association Will Furnish Equipment For Old Parker School Building.

Falling to secure the consent of the tax payers of Beloit to equip a manual training department, effects are now being made by the school board to secure a gymnasium for the use of both boys and girls of the public schools. The old Parker school building has been standing idle for some time past, and it could easily be utilized for the purpose. An attempt was made to fit up the building for manual training, but the vision of expense looked too appalling to the voters who would have to stand for it and the project was voted down. In the case of the gymnasium the entire cost will be met by the athletic association of the high school. That organization petitioned the school building that they might use the Parker building, and the permission was granted on promise that all expense incurred should be raised by private subscription, entertainments, or some other means which should not require a further appropriation from the board.

A quantity of apparatus which has been used in the high school building will be transferred to the new quarters. One floor will be devoted to the use of the boys, and the other to the girls.

## The Musical Leader

"The Musical Leader" for November 27, contains its usual exhaustive calendar of events in the musical, dramatic and literary world. One of the best things which the current number contains is an editorial entitled "Reckless Plunging." Under that caption occasion is taken to censure the feverish rush to America of fortune seeking foreigners, the article having been invoked by the recent Mascagni fiasco otherwise the Journal is given up to its departmental features.

## THE INDIVIDUAL MAN.

A good many years ago an army of 32,000 men volunteered for service under the leadership of a young man in whom they had confidence. The enemy to be met and conquered was no common enemy, because in equipment and numbers it far outnumbered the forces about to make the attack, and as the young general passed down the line, he said to the men:

"We are about to engage in a conflict that will mean death to many of you, but I must have a courageous army, and I don't want a man in the ranks who is not willing to sacrifice life if necessary, and so I am going to give any of you an opportunity to resign, who feel at all timid about the engagement."

Much to his surprise 22,000 of them laid down their arms and dropped out.

The young commander Gideon was annoyed, but the God of Israel, who was directing the movement said to him:

"The army is yet too large, lead the 10,000 men down to the stream, and I will test them for courage and obedience, and pick you out an army that will conquer."

When the test was applied, only 300 passed muster, and with this little squad of men the hosts of Midian were routed.

It was said of this little army, that "every man stood in his place." They represented individual manhood, ready to obey the word of command, and ready to perform without question.

When the test came, and the night attack was made, without weapons, every man stood in his place, and while the mode of warfare was unusual, it was very effective because back of it was the sword of the Lord and of Gideon.

The world had need of "the individual man." In the days of Gideon, and it has more need of him today. He frequently requires more courage, and fortitude, to simply "stand in your place," than to make an effort to accomplish some great thing.

The place may seem insignificant, and the standing may become monotonous, but there is an individual note for every life, that cannot be filled by another, and many of them are vacant, because the occupant for whom they were designed is not content to occupy them.

The boy at eighteen becomes restless, and unwilling to serve out the apprenticeship of boyhood. He wants to be a man before his time, and so he cultivates the habits, that to his notion, contribute to manhood. He learns to smoke like a veteran, and swear like a trooper before he has reached his majority, and so the country produces every year an army of fast young men, who have escaped from the niche that leads to destiny, and become permanently old in vice and common devility.

This class of boys never develop individual manhood and the world has no place for them, because they are out of harmony with themselves and with the channels of usefulness.

The girl at fifteen, finds the home monotonous, and the companionship of the mother not congenial. She commences innocently, and without thought of danger, a career whose first step is downward, and the pathway to ruin is short and decisive.

A couple of these young misses were in the park at dusk the other night busily engaged in conversation with a young man, and making a date for a stroll in the moonlight a little later.

They were standing on slippery ground, away from the protection of home and away from their niche of home environment.

The chances are that they will be old in sin, and lost to womanhood for all time, and the place they were intended to occupy, will ever be vacant, because they were not content to "stand in their place" in the years of development.

The world has sympathy for the girls, while it has but little use for fellow women. The loss to character is next to irreparable.

There is a limited class of young men who start out in life for themselves, with fair prospects, who ruin opportunities by dishonesty, and through extravagance take themselves out of the niche where there were intended to stand, and consign themselves to the potter's field, long before the journey of life is completed.

There is a much larger class who never come to the front, because they lack the courage to stand on their own feet. They become machines before they reach middle life, entirely dependent upon some other brain for direction. This class of people never do their own thinking or planning, and their existence is as colorless as a sheet of white paper.

If in the commercial world, they are automata, and the small niche that they occupied twenty years ago, is

still large enough to accommodate them.

If in professional life their ambitions are easily satisfied. They know more about books than they do about man and things, and they have never made the discovery that the former are inanimate, while the latter are full of life and animation. If they belong to the industrial ranks, they are ready to sacrifice principle and self interest, to follow the leadership of an agitator. They have never discovered the art of standing alone, and the age of progress has passed them in the race.

There are thousands of men in middle life, occupying clerkships today, who might be in positions of independence, had they possessed the courage to stand in their place, and assume responsibility as opportunity offered.

There is a multitude of professional men and women, who eke out a mere existence, because individuality is sacrificed.

There is an army of workmen in the ranks of industry, satisfied to listen to the voice of a leader, and with ears alert for the sound of the whistle, who might have been independent artisans, had they possessed the courage and judgment to do their own thinking and acting.

The world is long on professional men who pay more attention to ethics, than to practical business methods. Lawyers who know more about intrigue than justice. Doctors more interested in the fee than the diagnosis. Teachers who study the text books at the expense of child life. Preachers who understand theology better than humanity.

"The individual man" is a well rounded character. Life to him means destiny. He is needed in every department of human endeavor. The business world has plenty of room for him at the front. The industrial world is clamoring for men of this class. The church is strong in proportion to its clientele of men and women who do their own thinking, and who are able to stand on their feet, and work in their allotted place.

Individual man and womanhood is worth cultivating. When it is sacrificed or neglected, it is at the expense of success.

The three hundred faithful men in Gideon's army, proved to be a host in the day of encounter, because every one of them was faithful to the trust imposed and content to stand in his place.

## THE TARIFF COMMISSION

Congressman Charles N. Fowler of New Jersey, introduced a bill in congress in 1897, before the dingley bill became a law, providing for a tax commission.

At the last session of congress Mr. Fowler remodeled this bill and added to it, and the measure is likely to excite considerable discussion at the coming session.

The bill seeks to intelligently carry out a plan for reciprocal trade relations, and while it clothes the commission with unusual authority, it is conservative in tone and in no sense revolutionary.

There is so much discussion now about tariff revision that the Gazette publishes the bill in full, so that its clientele may have an intelligent idea of what may be done by the law makers this winter.

It may be argued that the expenses of the commission is a needless waste of money, but this should not be considered. There is nothing that effects the prosperity of the country so much as the tariff. If an adjustment is to be made on a reciprocal basis, it should be after most mature thought and investigation.

It will also be urged that too much authority is vested in the hands of a few men. This argument is also without weight. The business of all corporations is transacted, not by the stockholders, but by a small board of directors, and legislation is always the result of committee work.

Congress, as a body, is too cumbersome to handle questions of this magnitude, and a tariff commission is far better for the country, than open tariff discussion.

Just wait until those seventy-five Twilights go to Madison and wake up the sleepy old Capital City. Janesville always was the leader in waking up Madison and as far as push goes it has the lead coming down the stretch by a good clean length.

Would it not be well to make a complete change of life at the university this year as to football, coaches and trainers? If this were done perhaps a new management might be obtained and good football be once more played at the state institution.

The only way to avoid these awful grade crossing accidents would be to put a big high up official at each crossing and compel him to keep crossing for a week or two just so he could see how dangerous the system really is.

The capitol at Madison is filled with office seekers who do so want to be appointed to some office or other for services done for "Bob."

The United States may have another

Say can you hear those "Wolverines Howl?" Can you hear the merry bells of the "Midway Dancers" and can you see the "Badger snarl" and show his teeth and "Gopher" crawl into his hole? What?

It is said that at a certain party in this city where a small number was in attendance the orchestra leader played "I Have Seen Better Days," in response to an encore.

The man who boiled an egg before he took a shampoo is not half as simple as the man who always was a democrat and this year voted the republican ticket and now wants a job at Madison.

In Milwaukee they are trying to see if the robin can not withstand the cold of a northern winter if it is properly fed. Why not see if some of the poor families can not stand a northern winter if they are properly fed?

Is it not funny that just as soon as a fellow has troubles at home then in jumps some one else and asks them to pay up some old bill that they thought was forgotten long ago? Watch Venezuela.

## PRESS COMMENT

Milwaukee News: If he can't have his revenge, your Uncle Isaac seems to think that at least he ought to be given the state printing.

Racine Journal: A Milwaukee decision holds that fire apparatus has the right of way and in case of accidents to other vehicles no responsibility lies.

Eau Claire Telegram: There is more convincing proof of our country's prosperity than the general increase of wages being made by our large industries all over the United States.

Neenah Times: The Milwaukee Journal insists that men's heads in that city are "getting smaller." Well, we don't know, but had the Journal made its proposition in the singular instead of in the plural we could positively agree with it.

Milwaukee Free Press: "Equality or opportunity"—that is an expression used by Congressman Cooper in his interview on trusts the other day, which we can all endorse; all except the big fellows who think the little fellows should not have the same freight rates as they enjoy.

Green Bay Gazette: In spite of the fact that she was given a shower bath of seltzer water while attempting to enter a Milwaukee saloon, Carrie Nation announces that she contemplates returning to that city and remaining for some time. She has just discovered that it is the wickedest city she has ever been in and that it needs her immediate attention.

Milwaukee-Wisconsin: The shutting down of the Whitewater peat establishment because the product cannot be dried in wintry weather suggests a task for some fertile inventor in the construction of a drying machine. Viter is the time when peat mills ought to be booming, unless those who prepare it for fuel are able to stack up enough during the summer to meet the cold-weather demand.

La Cross Press: We believe that the democratic members-elect of the next legislature will have no reason to oppose the election of Hon. George H. Ray to the speakership of the house of representatives. Mr. Ray is always courteous and fair to his political opponents, and we have no doubt that in the make-up of legislative committees next winter he will respect the wishes of the democratic caucus as to the minority representation upon them. Mr. Ray is so fair a man that he is not easy, indeed, to believe that Gov. La Follette is promoting the prospect of legislation for the equalization of taxation by opposing his re-election to the speakership.

## CHICAGO SHOW OPENED TODAY

ALEX. GALBRAITH SENDS CAR-  
LOAD OF VALUABLE ANIMALS.

### HAS WON PRIZES MANY YEARS

International Live Stock Exposition is  
the Greatest in the World

—Many Going.

No live stock show in the world has  
ever attained such stupendous propor-  
tions as the International Live Stock  
exposition which opened at the Chi-  
cago stock yards this morning. Even  
the world renowned "Royal" of Eng-  
land, and "Highland" of Scotland pale  
beside the 1902 Chicago exhibit. It  
is only within the last few years that  
it has begun to attain such pre-emin-  
ence. Last year 400,000 visitors passed  
through the gates. This year at  
least half a million are expected.

Such low rates have been offered by  
the railroads and the brilliancy of  
the collection of thoroughbred animals  
is so great that stock farmers from  
every state of the union will be in  
evidence. The guests will not be  
confined simply to the United States.

Judging Monday  
On Monday the judging will begin,  
and the doors of the exposition will  
remain open all of the week. Today  
and Sunday the exhibit is wholly in-  
formal and the attendance will not  
reach the mark which is expected lat-  
er.

### Has Won Many Prizes

Twenty-one years ago Alex. Gal-  
braith captured a first prize in the  
Clydesdale class at the Chicago show.  
Since that time he has been interna-  
tionally recognized as one of the  
strongest exhibitors. Annually  
he has sent a collection of some of  
the finest examples of that kind of  
horse flesh which could be secured.

Thursday evening he shipped a car-  
load of Clydesdales to Chicago. Four  
of his men accompanied the shipment  
which consisted of twelve horses.  
Prince William, championship winner  
at last year's show, was the only one  
which he had previously exhibited at  
the Windy City exposition. The other  
eleven were from his 1902 importa-  
tion. When he left Scotland with  
them the Scottish journals predicted  
a great stir when he should put them  
before the judges this winter.

### Eleven Magnificent Clydesdales

Among them are seven imported  
Clydesdale stallions, two imported  
Clydesdale mares, and two imported  
Suffolk punch stallions. One of the  
latter weighs 2,240 pounds, and is one  
of the largest animals in the country.  
Mr. Galbraith and his son, Graham,  
will both accompany the exhibit.

McLay Brothers, of Avalon, will also  
have an exhibit at the show. They  
shipped a carload of Clydesdales  
Thursday evening. They are the  
importers and breeders in this  
immediate vicinity, besides Alex Gal-  
braith, who will be represented this  
year.

### CITY NEWS NOTES

In Justice Court: Only one case  
was docketed in the justice courts Fri-  
day. That was the suit of M. P.  
Richardson against Mattie Annie Wil-  
kie of Beloit. It was called in Jus-  
tice Reeder's court and was adjourned  
for two weeks.

That Awful Trolley: The trolley  
of Car 12 tried to perform its usual  
duties yesterday afternoon with  
more than usual success at the cor-  
ner of Main and Milwaukee streets.  
Before the car could be stopped the  
trolley was bent almost double, and  
until it could be taken to the barns  
and straightened it presented rather a  
sorry appearance.

A Small Attendance: Arrangements  
had been made for the meeting of a  
large class of business men in the  
Y. M. C. A. gymnasium Thursday mor-  
ning, but the allurements of the  
Thanksgiving turkey or the morning  
ecclesiastical services proved too at-  
tractive, and Physical Director Mack  
had only a meagre number of pupils.

Placing New System: Chief En-  
gineer H. C. Klein started yesterday  
on the installation of the new fire  
alarm machinery and switch board  
in his office in the city hall. He will  
also start the strapping of the wires  
for the new six circuit system. It  
will take about two weeks to get ev-  
erything in shape.

Men at Work: The Beloit, Dela-  
van Lake and Janesville Interurban  
road have a force of men at work re-  
laying the bricks where the road  
crosses West Milwaukee street. The  
crossing at this place was in bad  
shape but will be put in first class  
condition.

Thought Council Was Bluffing: Al-  
though the council at its meeting Mon-  
day night ordered that the watchman's  
towers be removed from the street  
within three days, it has not been  
done. Evidently the railroad com-  
panies think the council was not in  
earnest.

Jesse Earle gave judgment this  
morning on the case of A. C. Munger  
against John Fries which was held  
over from Wednesday for a decision.  
The testimony was all taken on the  
former day. The suit was for a bill  
of groceries amounting to \$58.27 and  
interest. The defendant claimed that  
it had been running so long that it  
was outlawed. The decision was a  
judgment for the plaintiff amounting  
to \$57.52.

Entertained By B. of R. T.: The la-  
dies' auxiliary to the B. of R. T. were  
entertained at an informal hop in  
Assembly hall Thursday evening by  
the Trainmen, and later at a supper  
at McDonald's restaurant. The decora-  
tions from the Trainmen's party of  
Wednesday night had been left in the  
hall and added much to the pleasure  
of the fifty couples that were present at  
the party.

There will be gospel preaching by  
Eld. B. N. Meigs of Arena, Wis. (Sec-  
ond Adventist), at 104 S. Academy  
street on Nov. 30, 1902, morning and  
evening at the usual hours for service.  
All are welcome.

to \$8 at the \$1 price why go without  
a cloak this winter. The sale at

up sale on every garment in stock.

Is a case of purchasing Hanna and  
Foster shoes at the one price of \$3 at  
Spencer's closing out sale this eve-  
ning. These shoes are worth the  
world over the \$5 and \$6 price.

Mosher's district No. 7, town of Por-  
ter. Miss Kingman has been engaged

mous Horlicks polo team from the

day and Tuesday.

Clearing sale on cloaks will be the  
attractive sale at Bort, Bailey & Co's,  
store next Monday and Tuesday. At  
the prices quoted in this issue the sale  
will undoubtedly be well attended.

Through an error of the type in the  
display space, the price for a special  
sale of \$2 and \$3.50 shoes at Ames  
Rehberg & Co. for today was made  
\$2.98 in place of \$2.48. This is one  
of the Rehberg bargain sales that in-  
terest so many buyers and the oppor-  
tunity for purchasers will be open all  
the evening.

In Circuit Court: In the Circuit  
court Friday in the damage case of  
B. P. Hess and George W. Hall a  
jury was drawn and excused until 2  
p. m. pending a settlement of the  
case. Hess was injured last spring  
by a leopard belonging to Hall's cir-  
cus and had escaped from the cage.

Change in Articles: The Beloit  
Land and Improvement company re-  
cently incorporated appears with  
the following clause inserted "that  
said premises shall not be used for  
the sale of intoxicating liquors for a  
period of twenty-five years." The  
company evidently thinks that there  
shall be no saloons in their section  
of the city for some time to come.

Tariff Legislation.  
Washington, Nov. 29.—Representa-  
tive Seneca E. Payne of New York,  
chairman of the ways and means com-  
mittee of the house, does not expect  
any attempt at tariff legislation at the  
approaching session. The most im-  
portant work of his committee this  
winter, he thinks, will be in connec-  
tion with Cuban reciprocity. If a  
treaty is negotiated he believes the as-  
sent of the house will be required.

## ENTERTAINED AT PLEASANT PARTY

MRS. STEVENS AND MRS. HEIM-  
STREET WERE HOSTESSES.

### SIXTY LADIES WERE GUESTS

Charming Card Party and Luncheon  
Given at the Stevens' Home  
This Afternoon.

One of the most charming afternoon  
luncheons of the season was given  
this afternoon at the home of Mrs. C.  
D. Stevens, 13 Milwaukee avenue, the  
hostesses being Mrs. Stevens and Mrs.  
E. B. Helmstreet. These ladies en-  
tertained in most hospitable style, a  
company of about sixty ladies being  
their guests.

Flowers and Cards  
The decorations in the pleasant par-  
lors of Mrs. Stevens' home were es-  
pecially beautiful. Chrysanthemums  
and arrangements of the flowers used,  
and arrangements of the great bouquet  
of chrysanthemums being the evi-  
dence of the artistic taste of the host-  
esses. Graceful potted plants were  
also effectively displayed, adding  
greatly to the beauty of the room.

Invitations had been issued for two  
o'clock and shortly after that hour the  
ladies were seated at the card tables  
deep in the pleasures of six-handed  
enchre. The fascinations of the game  
did not prevent sociability and the  
afternoon was spent very merrily.

A Delicious Luncheon  
At five o'clock the hostesses con-  
fascinated the cards and the tables were  
daintily laid for the elegant luncheon  
which afforded the happy climax for  
the afternoon of pleasure. The menu  
was one of those culinary delights  
which guests always expect at the  
Stevens' home and in which they are  
never disappointed. The hostesses  
were assisted in serving by Mesdames  
F. H. Baack, E. C. Johnson, J. W. St.  
John, H. S. McGinn, W. H. Corneau  
and Miss Genevieve Rich.

## LARGE CHORUSES TO BE CONTINUED

Their Music Will Be A Permanent  
Feature of Services at the  
Baptist Church.

Members of the Baptist church have  
been so pleased with the work done  
by the adult chorus and by the Sun-  
beam chorus, both of which were or-  
ganized to assist in the special evan-  
gelistic services which have been held  
during the past three weeks, that it  
has been decided to continue them  
both as a permanent feature in the  
church work.

The two choruses were organized  
and directed by Roscoe King, of Chi-  
cago, during his stay in the city. W.  
E. Thresher has consented to take  
charge of the adult chorus and its  
work will be continued under his di-  
rection. This chorus will sing at the  
services tomorrow.

Children To Sing  
The Sunbeam chorus, which is com-  
posed of young children will be con-  
ducted by Miss Cora Anderson, as-  
sisted by Miss Imogene MacDonald  
and Miss Irene Van Vranken.

Regular rehearsals will be held on Friday  
afternoons at 4:15 o'clock and once  
a month the children will be given a  
talk by their pastor, the Rev. Richard  
M. Vaughan.

## CALEDONIANS TO HONOR ST. ANDREW

Society Will Hold An Entertainment  
and Social, Thursday Even-  
ing, Dec. 11.

Tomorrow will be St. Andrew's day,  
one of the occasions dear to the hearts  
of all sons and daughters of bonnie  
Scotland and the members of the  
Rock County Caledonian society are  
making preparations to celebrate in  
honor of the event. It had been origi-  
nally intended to hold this celebra-  
tion on next Tuesday evening but for  
various reasons it has been postponed  
until Thursday evening, December 11.

Program Planned  
Dr. James Mills, president of the  
society, has charge of the arrange-  
ments for the evening and he has  
already secured several splendid num-  
bers for the musical and literary pro-  
gram with which the evening's en-  
tertainment will open. The principal  
feature on this program will be an  
address by Prof. A. J. Hutton, super-  
intendent of the State School for the  
Blind. Miss Fanny Rummell will re-  
cite and there will be other recitations  
and an excellent musical program.

Social and Dance  
The social will be for the members  
of the Caledonian society and their  
families and will be held in the Caledo-  
nian rooms. The program will be  
followed by an informal social and  
dance.

Was Placed in Its Case at the City Hall  
this Morning.  
Chief Engineer Klein has the  
new switch board for the six circuit  
fire alarm system in position. The  
new board weighs seven hundred and  
fifty pounds and it took the united  
efforts of the chief engineer, chairman  
of the fire and water committee, mu-  
nicipal judge, Officer Fanning and Jan-  
itor Phillips to get it in place. In  
the oak case that came with it.

It was expected a man from the  
Galesville factory could be here to  
assist in setting up the board and to  
do the wiring. He has not arrived,  
however, and Chief Klein has been do-  
ing the work himself. He has con-  
siderable of the wiring done and is  
all ready to make the connections  
with the storage battery as soon as it  
arrives. The board is a beauty and the  
chief engineer feels well pleased with  
it.

## SWITCH BOARD IS IN POSITION

Local Lodge Will Attend Christ Church  
on the Elks' Annual Mem-  
orial Day.

Janesville Lodge No. 254 B. P. O.  
E. is making arrangements for the  
observance of its annual memorial  
day which occurs one week from to-  
morrow, Sunday, Dec. 7. This day  
is set apart as one to be devoted to  
honoring the memory of the deceased  
members of the order and will be ob-  
served all over the United States  
wherever there is a lodge of Elks.

The principal feature of the ob-  
servance of this memorial day by the  
Janesville lodge will be the attend-  
ance of divine worship as an organi-  
zation. Rev. A. H. Barrington has  
invited the lodge to attend service at  
Christ Episcopal church on the eve-  
ning of the seventh and the lodge has  
accepted the invitation, appreciating  
deeply this extension of courtesy from  
Christ church and its pastor, Rev.  
Barrington will preach a special ser-  
mon, appropriate to the occasion.

## A PATROL WAGON MAY BE ORDERED

FIRE POLICE NAME COMMITTEE  
TO INVESTIGATE.

### WILL REPORT NEXT MEETING

Present Wagon Needs A Thorough  
Overhauling and May Be  
Made to Do.

A new patrol wagon may be added  
to the equipment of the Janesville  
Fire Police. At the last meeting of  
the committee the matter was brought  
up and left in the hands of a com-  
mittee consisting of E. B. Helmstreet,  
Dr. Joe Whiting and S. C. Burnham  
to decide whether it would be best to  
buy a new wagon or have the present  
one rebuilt.

Question Left  
The committee still have the matter  
under consideration and have not yet  
fully determined which would be the  
best thing to do. They are getting  
figures on a new wagon and also have  
had the present wagon examined and  
an estimate made of the cost of put-  
ting it in first class shape.

Many Years Old  
The present wagon has been in use  
for a number of years and has already  
had one or two overhauls. In its  
present condition the wagon might  
last for years with ordinary work but  
the question with the Fire Police  
is will it stand the hard work and  
banging it gets everytime there is a  
fire alarm without giving out.

Decide Soon  
The committee will probably arrive  
at some definite conclusion before the  
next meeting of the Fire Police, which  
is held the first Tuesday in December.  
At present the balance of the com-  
pany's equipment is in first class  
shape and a new wagon would make  
it complete.

## MISS MONIE BOWEY,

No. 38 Perry Street,

DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

Miss Monie Bowey.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss Bowey. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost.

Your druggist will sell you a \$1.00 bottle of Wine of Cardui. Secure the medicine today. Take it in the privacy of your home. Relief will come to you as surely as you take it.

A million suffering women have found relief in Wine of Cardui.

## D. D. D. SPECIAL OFFER

REGARDING

## diseases of the skin.

We have lately secured the agency for this city and vicinity of a preparation which is reliable and certain in clearing away troubles of the skin. Many forms of skin affections which have been considered incurable are conquered by this medicament as easily as a cough is stopped by the proper soothing and healing influences. This preparation is now in use among skin specialists, and many large hospitals have adopted it for eczema and kindred cases. It stands among the most useful medical agents now known.

We have evidence of its work to show which will interest any sufferer. Call and investigate same. Since we have been handling the remedy—known as D. D. D.—its work proves so effective we guarantee its efficacy. In all cases of skin affection we will refund the price of a bottle (\$1) if the sufferer does not consider it literally a Godsend after trying. It is curing the worst kind of cases every day. It seems a pity any one should suffer the torture of skin troubles when so dependable a curative agent can be had so cheaply.

## WEAK WOMEN.

CONSTIPATION STARTED YOUR SUFFERING. CURE IT AND YOUR AFFLICTION WILL VANISH.

## Mull's Grape Tonic Cures Constipation.

When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous afflictions that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhoea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

**EXCESSIVE RAIN  
HELPS BUSINESS****WINTER APPAREL IN DEMAND**

Low Temperature Causes Activity in Cold Weather Necessities—Thanksgiving Trade Adds to Resources of Retailers—Coke in Active Request.

New York, Nov. 29.—"Weather conditions have provided the only important developments of the last week in the business world. Excessive rains in some sections, notably the South-west, facilitated distribution of heavy footwear, overshoes and kindred lines, while seasonably low temperature at other points increased the movement of winter wearing apparel. These influences, together with a large Thanksgiving trade in food products, stimulated retail dealings very materially. Jobbing and wholesale trade is fully maintained, and manufacturing plants have orders far ahead, but in many cases the coke shortage retards operations." The foregoing is from the weekly trade review of R. G. Dun & Co. It continues:

**Relieve Freight Blockade.** "Railway officials are making every effort to relieve the freight congestion, especially in the vicinity of Pittsburgh, but thus far there is little evidence of improvement. Gross earnings are fully maintained for November thus far, exceeding last year's by 6.3 per cent and those of 1900 by 16.4, while it is expected that higher freight rates will offset the advances in wages, sustaining net earnings."

"Inquiries for pig iron became more urgent as the scarcity grows more acute. Furnaces are added to the idle list when there is full occupation for every plant in the country, but the fuel shortage is not perceptibly improved. Coke commands high premiums, according to the needs of consumers, and iron is similarly held at an abnormal position by the insufficient supply."

**Demand for Pig Iron.** "Even foreign pig iron has not arrived at specified dates, while new orders have been placed abroad covering distant deliveries. It is clear that domestic needs will continue to exceed available supplies for many months to come. The pressure is less severe in the various finished lines, aside from structural steel and railway equipment."

"A distinctly firmer tone pervades the market for footwear, orders coming freely for spring goods. The leading shoe manufacturers have taken large lots of leather, especially hemlock sole, giving a firmer tone to the market and reducing stocks. Foreign dry hides are in limited supply and well held."

**Better Tone in Woolens.** "There is still no inclination to place large orders for distant delivery of cotton goods, but a steady current demand fully absorbs the limited stocks, and buyers are often compelled to hunt for desired lines of staple cloths. Printed and woven patterned goods for spring are selling freely on forward business. The better tone that appeared some weeks ago in woolens has finally caused a moderate advance in staple lines for spring."

"Failures for the week numbered 213 in the United States, against 182 last year, and sixteen in Canada, compared with twenty-five a year ago."

**SECURES FOUR PAPER PLANTS**

United Boxboard Company Adds to Its Properties in Indiana.

Muncie, Ind., Nov. 29.—Four big industries in this county went under the control of the United Boxboard and Paper trust and mortgages aggregating \$1,500,000 were filed. The officials of the plants say they will be operated steadily. The merged plants are West Muncie Strawboard works, Paragon Paper mills at Eaton Albany Strawboard works at Albany and Consumers' Paper company at Muncie.

**TEASING RESULTS IN MURDER**

Well-known Illinois Horseman Kills Man Who Annoyed Him.

Rock Falls, Ill., Nov. 29.—Grove Tisdale of Oregon was stabbed by John Temple and died a few hours later. Temple said that Tisdale had been teasing him for some time and that it had become unbearable and aroused his anger, in which he killed his annoyance. Temple is one of the best known horsemen in the northern part of Illinois.

**Natural Gas in Missouri.** Carthage, Mo., Nov. 29.—A strong flow of natural gas was struck near Jasper at a depth of 173 feet, forty feet of jack ore intervening. After striking the gas the drill went down thirty feet before meeting resistance.

**Iowa Jeweler Kills Himself.** Cedar Rapids, Iowa, Nov. 29.—O. B. Blachley, a wealthy jeweler, killed himself by shooting. Ill health and worry over the affairs of a brother in the insane asylum are believed to have caused sudden insanity.

**Falls From Bridge to Death.** Richmond, Ind., Nov. 29.—Frederick Brandt, iron worker, fell from the top of the new Pennsylvania bridge into shallow water, 85 feet below. Many bones were broken, but Brandt lived an hour.

**Football Player Dies.** Westchester, Pa., Nov. 29.—Charles Carr, colored, 21 years old, of Philadelphia, died at the Chester County hospital from injuries received during a football game. Carr's neck was injured in a mass play.

There are people who say that the benefit derived from the use of puting medicines is imaginary. It is not the case with Dr. Pierce's Favorite Prescription, which makes weak women strong and sick women well. A woman may imagine she's weak, or may fancy she's sick, but her imagination can't add forty pounds to her weight. The positive proof of the curative power of "Favorite Prescription" is found in the restoration of health which is recorded in face and form, of strength which can be tested, and weight which can be registered in pounds and ounces.

The general health of women is so intimately connected with the local health of the womanly organs, that when these are diseased the whole body suffers loss. Dr. Pierce's Favorite Prescription cures womanly diseases. It establishes regularity, stops weakening drains, heals inflammation and ulceration and cures female weakness.

"I am very glad to let other poor sufferers know what Dr. Pierce's medicine has done for me," writes Mrs. Edwin H. Gardner, of Beechwood, Norfolk Co., Mass. (Box 70). "You know I wrote to you last summer. I read what your medicine had done for other people, so I thought I would try it, and I found it was a blessing to me and my family. I began in June and took six bottles of your medicine, and three vials of 'Pellita.' I took your medicine a year when I had a ten-pound girl. I had the colic time I ever had with any of my three children. I have been very well since I took your medicine. I took three bottles of 'Favorite Prescription,' three of 'Golden Medical Discovery,' and three vials of 'Pellita.' I had no appetite and could not eat much without it distressing me before I took your 'Favorite Prescription,' and I only weighed 115 pounds. Now I weigh 175."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. J. C. Rorer, N. Y.

## GOOD PROGRAM FOR MISSION WORKERS

Ladies of the Presbyterian Church Held An Interesting Meeting Last Evening.

Members of the Woman's Missionary society of the Presbyterian church held their regular monthly meeting in the church parlors last evening, the program beginning at 7:30 o'clock. The society is taking up the study of Via Christ and Miss Lizzie Peterson had charge of the work last evening. She gave a comprehensive and interesting review of the second chapter, covering the period from Constantine to Charlemagne and treating it by centuries. Her paper also touched on some of the leading characters of the book.

After the program, Mrs. J. T. Henderson spoke enthusiastically of the union meeting of the women's missionary societies of the five churches held last month at the Baptist church. She believed heartily in the helpfulness of such union meetings and trusted that there would be more of them and that they would be generally attended.

Mrs. A. A. Jackson reported that a box had been filled in response to an appeal from the pastor of a German Presbyterian church in Northern Wisconsin, who is earning his education by working on a farm and who was in need of an overcoat and some bedding. These had been supplied and at a very modest estimate the box is valued at \$13. This is the second box to be packed by the ladies this fall, the one sent to the Freedmen recently being valued at \$30.

Accomplished  
A little lot of 3 years made her first appearance in a Brooklyn kindergarten recently, and the following dialogue ensued between her and the teacher:

"Well, my dear, have you ever been to school before?"  
"No, ma'am."  
"What is your name?"  
"Lottie."  
"Lottie what?"  
"No ma'am, not Lottie What; but just Lottie."  
"What is your father's name?"  
"Papa."  
"Can you read?"  
"No, ma'am."  
"Can you spell?"  
"Do you know your A. B. C's?"  
"No, ma'am, but I can sing."  
"What can you sing Lottie?"  
"I can sing a hymn."  
"Well, won't you sing it for us, Lottie?"  
"Yes, ma'am."  
Mary had a little lamb,  
With fleece as white as snow,  
There are no flies on Gallagher,  
Because he let them go.  
"Who taught you that hymn, Lottie?"  
"Papa."—Philadelphia Ledger.

Miss Jackson came home Wednesday evening to attend the Bennett-Sanger wedding and spend Thanksgiving with her parents, Mr. and Mrs. A. A. Jackson. On her return this morning her mother accompanied her as far as Chicago.

G. A. R. Meeting: The meeting of the Grand Army Post last evening was one of the most interesting of the year. Comrade W. H. Bradley was present and gave his army experience which proved to be very entertaining.

This is to be a feature of Post meetings this winter. Sunday evening the Post will go in a body to Christ Episcopal church to attend service. At the next meeting of the Post will be held the annual election of officers. The club has been re-organized and a series of meetings will be held at the homes of the different members during the winter. The first meeting was held last evening at the home of Mrs.

Charles Roesling, No. 13 Pease Court. After the business of the evening was concluded the favorite game of cinch was indulged in. Mrs. Jerome Cunningham secured the first prize and Mrs. John J. Flynn the consolation. At the conclusion of the games excellent refreshments were served by the hostess.

The State Emblem: A Badger weighing twenty-two pounds was caught last night in a steel trap on the Crosby farm near Mount Zion. He had been committing numerous depredations in the neighborhood of his hole and a trap was set for him. This morning it was discovered that the trap was gone and investigation showed that the badger had been caught and in his efforts to get away had pulled the trap into the hole. He was dug out and found to be securely fastened in the trap but had died sometime during the night. The dead animal was on exhibition today at Roy Pierson's shop on South Main street.
